**11TH MICPA ACCOUNTANCY WEEK
AUGUST 4 – 11, 2007**

The Council is pleased to inform members that the Institute will be holding the **11TH MICPA Accountancy Week from august 4 – 11, 2007 with the theme AAA – Accountants are Assets.**

The Accountancy Week is held biennially with the following main objectives:

- Promote accountancy as a career;
- Provide an opportunity for school leavers, young graduates and others interested in pursuing the CPA qualification to learn more about the profession;
- Provide a venue for accountancy students throughout the country to meet, interact and establish closer relationship.

This year's Accountancy Week is held to commemorate the International Federation of Accountants (IFAC's) 30th Anniversary. IFAC's anniversary celebrations will culminate with the World Accountancy Week, to be held from December 2 – 8, 2007. The MICPA is one of the founding members of IFAC.

A wide range of activities will be organised for the Week which include accounting quiz (AccQuiz) for upper secondary schools; career counselling sessions; debate, quiz and management simulation game for accounting students at universities and colleges of advanced education, and sports and games competition.

The Council has pleasure in inviting all members and provisional members of the Institute to participate, and to encourage the students in your organisations to take part, in the various events planned for the Accountancy Week.

In this regard, a copy of the brochure on the Accountancy Week is enclosed. Detailed information and registration forms for the following events are also enclosed:

- **Accounting Students Quiz**
- **Debate**
- **Management Simulation Game**
- **Sports and Games Competition**

It is only with your active participation and support that the events specially organised for the Accountancy Week will be meaningful and successful. The Council looks forward to seeing many of you at the various events held throughout the Accountancy Week.
