In the wake of the global financial crisis, annual reports have been heavily scrutinised and reviewed by investors and stakeholders. This is because annual reports are still regarded as the main source of information, which investors and stakeholders use to assess the company’s performance.

With this in mind, the Malaysian Institute of Accountants (MIA), the Malaysian Institute of Certified Public Accountants (MICPA) and Bursa Malaysia Berhad have established the National Annual Corporate Report Awards or popularly known as NACRA.

The three organisations firmly believe that recognising companies that present excellent financial and business information would enhance greater transparency and accountability in financial reporting. This would increase the level of trust and confidence among investors and stakeholders.

This is why the objective of NACRA has remained the same since it was first started in 1990, which is to promote excellence in annual corporate reporting. The theme too has remained unchanged, Towards Accountability and Excellence.

The criteria for NACRA has been reviewed and improved each year, in order, to raise the standards and best practices in annual reports.

Integrated Reporting (<IR>) is now hailed as a game changer for corporate reporting globally. <IR> applies principles and concepts that are focused on bringing greater cohesion and efficiency to the reporting process, and adopting “integrated thinking” as a way of breaking down internal silos and reducing duplication. <IR> improves the quality of information available to investors to enable a more efficient and productive allocation of capital.

On that note, we look forward to your participation and support to enable the objectives of NACRA 2016 to be a reality.

nacra objectives

- To promote greater and more effective communication by organisations through the publication of timely, informative, factual and reader-friendly annual reports

- To recognise and encourage excellence in the presentation of financial and business information

- To create public awareness of the objectives of organisations, their operations and their financial performance

- To promote higher standards of corporate governance
NACRA’s role in promoting excellence in annual corporate reporting has a long history in Malaysia. It started in 1985 with the launch of the Malaysian Corporate Report Awards (MACRA) which was jointly organised by The Malaysian Association of Certified Public Accountants (MACPA) and the Malaysian Institute of Management (MIM). In 1988, the Malaysian Institute of Accountants (MIA) and the Kuala Lumpur Stock Exchange (KLSE) collaborated to organise the National Annual Report Awards (NARA). In recognition that the two awards shared common objectives, 1990 saw the unification of the awards to become the National Annual Corporate Report Awards (NACRA) which was jointly sponsored by KLSE, MIA, MIM and MACPA.

Today, NACRA is the collaborative effort of Bursa Malaysia Berhad, Malaysian Institute of Accountants (MIA) and The Malaysian Institute of Certified Public Accountants (MICPA).

Despite the changes in name and organisers, the objective of NACRA has remained the same to this very day, i.e. to promote excellence in annual corporate reporting.

NACRA not only gives public recognition of excellence in corporate reporting to companies listed on Bursa Malaysia but also non-listed corporations and other organisations. Apart from that, the use of attractive graphic designs in corporate reports is encouraged through the Presentation Awards. As the business world increasingly strives to achieve a social balance, the importance of corporate social and environmental reporting is not left out with the launch of the Environmental Reporting Award in 2000, which was renamed as the Corporate Social Responsibility Award in 2008, and subsequently as the Corporate Social Responsibility Reporting Award in 2013.

NACRA in partnership with Talent Corporation Malaysia Berhad introduced an award category for Inclusiveness & Diversity Reporting which was launched in 2015.

Since it was launched in 1990, the criteria for NACRA have continuously been reviewed and enhanced each year to encourage the disclosure of all material and relevant information beyond the statutory requirements. The stringent criteria have raised the standards and best practices in annual reports over the years.
With the introduction of the Inclusiveness & Diversity Reporting category in 2015, NACRA now comprise six categories of awards, namely the Overall Excellence Awards, Industry Excellence Awards for Listed Companies, Presentation Awards, Corporate Social Responsibility Reporting Awards, Inclusiveness & Diversity Reporting Awards and the Special Award for Non-Listed Organisations.
Overall Excellence Awards

The top award for the most outstanding Annual Report for the year is the Platinum Overall Excellence Award. This Award will be presented to the organisation which displays the highest standard of reporting in its annual report.

These awards will be presented to organisations in their respective industry sectors, which have achieved excellence in annual reporting. There will be a total of eight Industry Excellence Awards presented in the following categories:

Inclusiveness & Diversity Reporting Awards

The topic of inclusiveness and diversity has gained global attention. This is not limited to gender diversity, but includes ethnicity and age across all levels of the workforce. Diversity in the boardroom and workforce is increasingly becoming an area of focus in leading organisations, in recognition that if managed well, it drives better business performance and governance. The Inclusiveness & Diversity Reporting Awards will be presented to organisations which embrace the benefits of reporting and presenting information on diversity that exceeds the regulatory requirements.

Special Award for Non-Listed Organisations

To encourage the continual improvement of annual reports of non-listed organisations as well as the public sector and other Malaysian organisations, a special award, “Best Annual Report of Non-Listed Organisations”, will be presented to an organisation in this category which has achieved overall excellence in annual reporting.

Corporate Social Responsibility Reporting

Malaysian Public Listed Companies are required to include a description of the Corporate Social Responsibility (CSR) activities or practices undertaken by the listed issuer and its subsidiaries or if there are none, a statement to that effect [Listing Requirements of Bursa Malaysia App 9C, Part A (29)].

CSR is a company’s commitment to operating in an economically, socially and environmentally sustainable manner whilst balancing the interest of diverse stakeholders. CSR means integrating open and transparent practices into a company’s business operations, which are based on ethical values and respect for employees, communities and the environment.

CSR is globally applicable, industry to industry and company to company, because of differing local situations and demands of stakeholders. It is a business approach used to create long term value by seizing the opportunities and managing risks that emerge from the economic, social and environmental developments.
CSR is therefore key to a company’s sustainability.

CSR information reported in the annual report should include (but not limited to) the following areas:

**Marketplace**

1. Corporate Governance
   - Policy/statement clearly stated.
   - Board composition—executive directors, non-executive directors, independent directors, women representation.
   - Transparent board and senior management remuneration.
   - Risk analysis/management framework.
   - Disclosure of non-compliance to laws/legislation/codes/listing requirements.

3. Work-life Balance
   - Ensuring employees’ quality of life—pension plans, flexible working arrangements, counselling/assistance programmes, sports activities, etc.

4. Diversity at the Workplace

4. Company’s impact on biodiversity, environmental impact assessments, if any.

1. Employment of local workforce in its operations.

4. Encouraging employee volunteerism—types of activities completed, total number of hours recorded.

Inclusiveness & Diversity Reporting

In July 2014, Bursa Malaysia Securities Berhad enhanced the disclosure requirements relating to diversity to include diversity in ethnicity and age. Under Para/Rules 15.08A the listed issuer must, in the disclosure of its policy on board composition in the annual report, with respect to diversity, include not only the policy on gender diversity, but also diversity in ethnicity and age. A listed issuer is also required, under paragraph 29, Part A, Appendix 9C of the Main Listing Requirements, paragraph 30, Appendix 9C of the ACE Listing Requirements, to disclose its corporate social responsibility activities or practices in its annual report. The disclosure generally is expected to cover the environment, community, workplace, and ethical marketplace activities or practices of the listed issuer. In this connection, the listed issuer must, when describing its workplace practices, disclose the diversity policy for its workforce in terms of gender, ethnicity and age.
On August 26, 2014, the Prime Minister speaking to listed company CEOs had reiterated the diversity policy requirement and called on corporate Malaysia to emulate best practices in diversity and inclusion, by disclosing workplace demographics in terms of gender, ethnicity and age by management levels.

Hence to further encourage listed issuers to go beyond just complying with Bursa’s requirements to state diversity policies, marks will be awarded for disclosures in line with the Global Reporting Initiative (GRI) G4 Guidelines for Sustainability Reports. Such disclosures may include the following:

- Percentage breakdown at governance level by gender, age and ethnicity
- Percentage breakdown per employee category by gender, age and ethnicity
- Total number and rate of new employee hires and/or turnover by age group, gender and region
- Total number of employees that took parental leave, by gender
- Total number of employees who returned to work after parental leave who were still employed 12 months after their return to work, by gender
- Types of flexible work arrangements (FWA)* offered to staff in the organisation
- Total number of employees under FWA, by gender for each type of FWA
- Employees with disabilities
