Progression Pathways

The following information is provided to assist candidates plan their progression through the Chartered Accountants Program:

Module progression requirements:

- Candidates may enrol in more than one technical module per term.
- There is no pre requisite order for the technical modules – they can be undertaken in any order and regardless of performance in prior technical modules.
- Candidates must complete Capstone (CAP) as their final module.
- Candidates must have received their final technical module results before the commencement date of their chosen CAP module to be eligible to enrol in the CAP module.
- Where candidates' final technical module results are released BEFORE the enrolment close date of their chosen CAP module, they should wait to receive these results to confirm their eligibility before enrolling.
- Where candidates' final technical module results are released AFTER the enrolment close date of their chosen CAP module but before the module commencement date of their chosen CAP module, they should proceed with their enrolment by the close date. If they are subsequently unsuccessful in their final technical module results, candidates will be automatically discontinued from CAP with a full refund of module fees.
- Candidates sitting the supplementary exam for their final technical module must wait to receive their supplementary exam results to confirm eligibility before they can enrol in a CAP module.
- Candidates are not able to backstop from one CAP module into the next CAP module as there is a supplementary exam which is open to everyone.
