

MICPA Conversion Programme

Financial Reporting

Module Outline

FINANCIAL REPORTING

AIM

To ensure that students are able to:

- (a) Prepare and present financial statements of single entities and simple groups
- (b) Account for changes in company structure
- (c) Evaluate company financial statements and recognise their limitations
- (d) Understand the concepts related to the measurement of income and capital

INTRODUCTION

This paper is designed to ensure that students are able to prepare and present the financial statements of single entity and groups in accordance with approved accounting standards, statutory requirements and generally accepted accounting principles in Malaysia and to recommend accounting treatments for items in the financial statements. Students will be able to analyse and interpret financial statements and other financial information and make appropriate conclusions.
