INTRODUCTION

As the Special Voluntary Disclosure Program (SVDP 2.0) is ending on 31 May 2024, we can expect the IRB to intensify its audit activities and not be so lenient with taxpayers especially on penalties. Any TP adjustments that IRB may make for non-arm's length transactions will carry a surcharge of 5% of the amount of the adjustment.

The recently issued Transfer Pricing Rules 2023 also requires compliance with TP Documentation failing which IRB will impose penalties of RM20,000 to RM100,000 per year of assessment or imprisonment up to six months on conviction.
