

We are a national accounting standards-setting body and are seeking resourceful specialists with strong conceptual skills to contribute toward the development of technical conventions and groundbreaking research into Islamic financial reporting:

Managers / Assistant Managers - Technical Department
Managers / Assistant Managers - Technical Department (Islamic)

The Managers, Technical Services in MASB will conduct research analysis, review, interpretation and development in either or both technical and Islamic conventions, as designated by the MASB Board. This role will develop and disseminate accounting standards and other technical pronouncements for financial reporting standards practices. Extensive experience and expertise in the financial sector, Islamic finance/takaful or capital markets environments will be an advantage.

Key Responsibilities

- Develop technically sound accounting pronouncements from inception to completion, presenting to MASB, for issuance as Malaysian accounting and financial reporting pronouncements in order to meet international and national reporting standards.
- Utilise understanding of business, legislative and local regulatory as well as business environments to evaluate the accounting standards and other technical pronouncements and make recommendations for the MASB consideration.
- Plan, develop and manage relationships with stakeholders, key external technical professional contacts – local, regional and international - to represent MASB's interests.
- Coordinate the working of technical committees and special projects, including facilitating the success outcomes of defined objectives and writing minutes of the respective technical meetings.
- Manage, coach, develop and build technical team executives within MASB.

Capabilities

- Member of MIA or MICPA or equivalent, 5-8 years professional experience.
- Passion and commitment for research analysis and information seeking, with appreciation and awareness of the commercial, regulatory and legislative context in the application of accounting standards conception formation.
- Effective Communication & Stakeholder / Customer relations skills.
- High level of transparency & integrity, with ability to plan and organise individual work on own initiative with minimal supervision.
- Strong self-motivation and a capacity for multi-tasking/teamwork.

Interested candidates are invited to send in their resumes to:

The Executive Director
Malaysian Accounting Standards Board
Unit 13A-1, Menara MBMR
No. 1, Jalan Syed Putra
58000 Kuala Lumpur

or e-mail it to hr@masb.org.my.
