INTRODUCTION

On 14 June 2024, MASB announced the issuance of MFRS 18 Presentation and Disclosure in Financial Statements. The new standard is based on the IFRS 18 issued by IASB on 9 April 2024, in response to investors' concerns about the comparability and transparency of entities' performance reporting. MFRS 18 will replace MFRS 101.

This training thus seeks to enable participants to be able to understand the changes made from the predecessor standard and the effects of the changes concerned. Also, participants will also be taken through the basics and attributes of a good annual report.

TRAINING OBJECTIVE

- Explain the attributes of a good annual report
