INTRODUCTION

This Workshop will cover a current interest on financial reporting in Malaysia and are relevant to both users of MFRS & MPERS, since the principles and concepts applicable to MFRS 136 are also applicable to MPERS. Participants will be provided with the key principles and concepts of asset impairment under MFRS 136 and MPERS Section 27. The speaker will conduct this Workshop through extensive use of practical illustrations and examples so as to enable participants to appreciate the requirements of the standards. By the end of the Workshop, participants should have a good understanding on how to apply impairment testing on property, plant and equipment and intangible assets, including goodwill.
