Since its inception in 1990, the National Annual Corporate Report Awards (NACRA) has been steadfast in its mission to recognise corporate reporting excellence in Malaysia. Established by Bursa Malaysia Berhad, the Malaysian Institute of Accountants (MIA), and The Malaysian Institute of Certified Public Accountants (MICPA), NACRA has become the premier benchmark for transparent, informative, and accountable corporate reporting, setting the standard for both listed and non-listed companies alike.

As we look ahead to 2025, the importance of corporate reporting as a tool for sustainable growth and investor decision-making continues to grow. In an era where investors and stakeholders demand both financial and non-financial information, NACRA remains committed to promoting transparency and accountability in corporate communications. A strong annual report does more than just reflect a company's financial health—it tells a comprehensive, forward-looking narrative of value creation, long-term sustainability, and resilience.

In response to evolving global and local reporting trends, NACRA will continue to adapt its framework to support companies in their journey towards the National Sustainability Reporting Framework that aligns with ISSB Standards. The growing importance of sustainability related disclosures has led us to emphasize the integration of non-financial metrics alongside financial ones. This is in line with global developments and local regulations, including Bursa Malaysia's ongoing efforts to strengthen the sustainability reporting requirements. At NACRA, we believe that a truly exceptional corporate report is one that paints a holistic picture of a company's strategy, governance, risk management, targets while driving performance and addressing climate-related risks and opportunities to drive a long-term sustainability.

For 2025, we remain focused on driving improvements in corporate reporting standards, while fostering a culture of transparency, accountability, integrity, inclusivity and value creation. By aligning with global best practices and encouraging the adoption of integrated and sustainability-focused reporting, we aim to support the long-term success of Malaysian companies in the global marketplace.

We look forward to your participation in NACRA 2025 and thank you for your continued support in advancing corporate reporting excellence in Malaysia.
